HIGH COMMISSIONER'S MESSAGE

I am delighted to greet and extend my best wishes to the Indian Language School (ILS), Lagos, on the occasion of the publication of the annual ILS magazine "Flying High".

2020-21 has indeed been a challenging year for the Indian Language School, Lagos due to the ongoing COVID-19 pandemic. I commend the faculty members of the ILS for their untiring efforts and extraordinary work in steering through uncertain times and once again giving us successful results. I also thank the Board members for their continued guidance and imaginative support in enabling the school to move to greater heights. Above all, it is the students who make the ILS march forward and to achieve for it a place of prime importance in the comity of Indian schools abroad.

I wish to compliment the students and faculty members responsible for bringing out this year's edition of the School's annual magazine, "Flying High". It provides us with highlights of the activities and accomplishments of the School during the past academic year and reminds us of the success stories and determination of its students.

Allow me to offer my best wishes to the students as they march closer towards realizing their dreams. I am confident that the graduating students of ILS will make a mark in their higher studies and continue to make all of us proud of their achievements.
